 +32 279 30 252

Join the FEAM Biomedical Policy Forum to benefit from:

Access to top experts from the different sectors and from across Europe

High level engagement with European decision-makers

A 'safe haven' for multilateral dialogue on key policy issues

ACHIEVEMENTS

A balanced and growing partnership including key European stakeholders

A timely and dynamic policy programme shaped by the partners

An annual lecture, round table discussions, workshops, webinars

The Federation of European Academies of Medicine (FEAM) is the European platform of national Academies of Medicine, Medical Sections of Academies of Sciences, Academies of Veterinary Sciences and of Pharmacy in Europe.

Its mission is to promote cooperation among them; to provide them with a platform to formulate their collective voice on matters concerning human and animal medicine, biomedical research, education, and health with a European dimension; and to extend to the European authorities the advisory role that they exercise in their own countries on these matters.
